

SIMS Student & SIMS Option Process

Year 9 students will make their GCSE Option Choices using an online facility which links through to our SIMS system in school. In order for this to be completed, students will first need to register with SIMS student. Invitations to students have been sent out to their school email addresses.

This is the email that year 9 students will receive:

Hi (name),
Simply accept this invitation and register within 90 days.

[Accept Invitation](#)

If the button above doesn't work, copy and paste the following link into your browser.

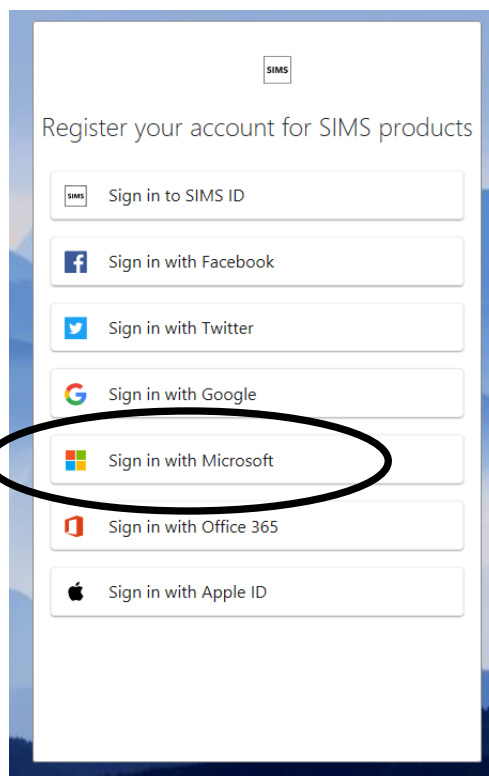

<https://id.sims.co.uk/registration/home/soscode>

Should you need to enter it, your personal invite code is: **SAMPLECODE**

Sent on behalf of,

Budehaven Community School

Once students have received the invitation they MUST select the 'Sign in with Microsoft' option.

Students will then need to enter **their school email address and password**. Their email address is in the format; 12345@budehaven.cornwall.sch.uk Finally, students should check that their name shows on the 'Registration' page, click the 'Register' button, confirm their date of birth and then click 'Verify'.

Students can then choose one subject and a Reserve from the first box, and three subjects and two reserves from the second box. (See the video on the school [Y9 Options website](#) appearing after 26th November for more details on how to do this).

The screenshot displays two sections of a subject selection interface. The top section, titled 'Choose one subject', shows a grid of subject cards. Each card includes the subject name, course level, and a 'Reserve' button. A blue arrow points from the 'Enterprise' card in the 'Choose three subjects' section to the 'Reserve' button of the 'Enterprise' card in the 'Choose one subject' section. The bottom section, titled 'Choose three subjects', shows a grid of subject cards. A blue arrow points from the 'Enterprise' card in this section to the 'Reserve' button of the 'Enterprise' card in the 'Choose one subject' section.

Choose one subject
